ADDRESSING TELEGRAMS TO THE FIELD

Foreign Service posts have official registered cable addresses and to avoid delay and insure delivery to the correct address such addresses should be used for telegrams. They are:

For embassies—Amembassy, for legations—Amlegation, and for both consulates general and consulates—Amconsul. The U.S. Mission at Berlin should be addressed USBER. For example:

Amembassy PARIS	Amlegation SOFIA
Amconsul SINGAPORE	USBER BERLIN

ADDRESSING CORRESPONDENCE TO THE FIELD

It is most important that official correspondence be correctly addressed to the post and not to an individual. To avoid delay and insure prompt attention, it should be addressed, for example, to—

The American Embassy, Paris, France.	The American Consulate, Saint John, New Brunswick, Canada.

PREFACE

The *Foreign Service List*, compiled primarily for the Department of State, the Foreign Service, and other United States Government Agencies, provides information on assignments of Foreign Service and other U.S. personnel in the field of foreign affairs. This information has been useful also to American business firms, various groups and individuals, and foreign governments.

The *List* includes: chiefs of mission; Foreign Service officers; Foreign Service Reserve officers; Foreign Service Staff officers of class six and above; and consular agents. It also includes officers of the Agency for International Development, the Peace Corps, the United States Information Agency, the Foreign Agricultural Service of the United States Department of Agriculture, the Departments of Army, Navy, and Air Force, and United States Missions to International Organizations.

The listing at Embassies and Legations is alphabetical, except for the chief of mission, deputy chief of mission, and section chiefs who are listed at the beginning of each entry. At consular posts the listing is alphabetical after the principal officer and the deputy principal officer.

Information on the opening and closing of posts, posts changed in rank and status, and other pertinent data also appears in each issue.

Only information received before the revision date of the publication is included. Therefore, the *List* does not necessarily reflect the current status of every individual listed. Users in the United States may learn the current status of any officer of the United States assigned to a Foreign Service post by communicating with the Department of State, Washington, D.C., 20520. Users overseas may obtain the same information by communicating with the American Embassy or Legation in that country.

This *List* is compiled by the Publishing and Reproduction Services Division, Office of Operations, and corrections should be reported to that Division. Information may be obtained by telephoning code 128, extension 3941.
